Boarding Dates:

General Terms: Gooding Veterinary Clinic will exercise responsible care for the safety of your pet and for keeping the boarding premises safe and properly enclosed. Pets will be fed and watered regularly and housed in clean, safe quarters. The Gooding Veterinary Clinic cannot guarantee against accidents and we cannot be liable for loss or damage caused by or to our pet guests at this facility. Owner agrees to be solely responsible for any and all attacks or damage caused by their pet while it's boarding.

Payment: The Gooding Veterinary Clinic charges for boarding space by the day. Owner agrees to pay the rate for boarding in effect on the day the pet is checked into the clinic. Owner agrees to assume financial responsibility for services and will provide payment via cash, credit card, or check at the time of check out.

Personal Items: We make every effort possible to make your pet feel at ease while they are staying with us. Gooding Veterinary Clinic is more than happy to have you bring a few of your pet's belongings to help them feel more comfortable while boarding. However, items from home may get lost in the laundry or soiled. Please describe the items that have been left with your pet in the space provided below. We will do our best to maintain these items but Gooding Veterinary Clinic is not responsible for lost or damaged personal items.

Vaccinations: Vaccinations are for the protection of your pet. We cannot make exceptions to vaccination requirements. If *proof of vaccination* is not on file or provided from another veterinarian, the pet will be vaccinated and examined at the owner's expense on the arrival date. Vaccinations take 10-14 days to become effective. Therefore, pets not vaccinated at least 2 weeks prior to boarding have higher risk of contracting an illness during their stay.

Abandonment: If the pet is not called for within 10 days after the designated checkout time, the pet will be considered abandoned and will be handled in accordance with state law. All adoption fees and other incurred expenses will be the responsibility of the owner.

Geriatric Pets: Older pets may experience additional stress in the clinic environment. Gooding Veterinary Clinic is devoted to providing exceptional care for guests, including geriatric pets. Your signature acknowledges that you are aware of and accept all age-related risks to your pet.

Medications: Medications, supplements, or other items will be administered for an additional fee as directed, but medications must be presented in their original containers with instructions for administration. Please list all medications that need to be administered while boarding in the space provided below.

Treatment Authorization: The owner agrees that Gooding Veterinary Clinic, in its discretion, give first aid, medication, or other attention we deem necessary for the health and safety of your pet. This may also include anti-anxiety medication if your pet shows moderate-severe anxiety in the clinic environment. Gooding Veterinary Clinic is authorized by the owner to provide veterinary care, including emergency care, at the owner's expense. If we believe that your pet is in need of care, time permitting we will attempt to contact you before providing that care, but this document serves as our authorization to provide veterinary care for your pet in the event we are unable to reach the owner or in an emergency. Your signature on this authorization permits Gooding Veterinary Clinic to make reasonable care decisions regarding your pet; and the owner agrees to pay for all costs incurred for such treatment. In the unlikely event that a pet passes away while a guest of Gooding Veterinary Clinic we will contact you immediately.

Monitoring: Gooding Veterinary Clinic is **not** a 24 hours, 7 days a week clinic. Our operating hours are M-F 8am-5pm. There will not be staff present after hours. We take all care in tucking pets in for the evening and return at 7:30am to care for them. Pets are cared for at least 3 times daily (am, noon, pm) including weekends. Please discuss monitoring with our staff if you have any concerns.
